Supplementary Educational Centers/Programs must meet the following eligibility requirements to pursue accreditation with the Accrediting Commission for Schools, Western Association of Schools and Colleges (ACS WASC).

1. The Center/Program must be in operation for at least six months, with students, teachers, and administration in place.

2. Center/Program enrollment must reach a minimum of 15 enrolled students.

3. The Center/Program must have the following educational components in place:
   - Clear corporate or private status defined with approval by appropriate civil authority.
   - Administrative structure in place, including governing board and a head of school.
   - Clearly defined educational services/courses that are offered by the Center/Program.
   - Assessment process in place that measures and reports student learning progress.
   - Sufficient resources to maintain the viability of the Center/Program.
   - Appropriate facilities, technology resources, and health/safety systems in place.
   - Positive learning environment and school culture of supportive stakeholders.
   - Action Plan in place that governs school improvement activities.

4. The Center/Program must have its admission policies and school policies readily available to students, parents, and interested community members.

5. The Center/Program must commit to active participation in the WASC accreditation process with an ongoing focus on Center/Program improvement.
