

ACS WASC MID-CYCLE VISIT PROCEDURES SCHOOL INSTRUCTIONS

Schools that receive six-year accreditation status with a required one- or two-day mid-cycle visit prepare a progress report to submit to the mid-cycle visiting committee prior to the scheduled visit. The ACS WASC guiding principles and the criteria are the foundation for the analysis of progress and continuous school improvement.

The progress report is a concise compilation of all progress on improving student achievement and progress on the schoolwide action plan, with supporting evidence. The revised plan should include the integration of the major areas for growth for follow-up as they apply to the school's continuous improvement initiatives. In addition, the progress report should include the major growth areas that have already been addressed and are currently in the schoolwide action plan.

The school must:

1. Complete and submit the progress report **no later than six weeks** prior to the visit.
2. Send a copy of the progress report to each member of the visiting committee with additional materials, such as the current schoolwide action plan.
3. Submit a copy of the progress report to ACS WASC in a single PDF or Word document using the Document Upload link on the top navigation bar of the ACS WASC website: www.acswasc.org/document-upload/.
4. The progress report should be prepared by the leadership team responsible for implementing and monitoring the schoolwide action plan. All stakeholders are expected to be involved in the process and should review and approve the report prior to the visit.

The school mid-cycle progress report template can be found on the ACS WASC website.
