Western Association of Schools and Colleges (WASC) Announces Website Redesign and School and Member Portal Release

Burlingame, Calif., October 15, 2020 — The Accrediting Commission for Schools, Western Association of Schools and Colleges (ACS WASC) is pleased to announce the launch of its newly redesigned website and the release of the review and visit materials for schools and members in its new School and Member Portals.

The primary objectives of our website redesign effort were focused on simplifying our content and increasing the visibility of our information. The new design also allows for streamlined menus, clear navigation, and new blog features on the home page to keep everyone abreast of our latest news and developments.

The School and Member Portals were released to schools and members in a limited capacity beginning in spring 2020. We have now released the School and Member Portal Reviews/Visits tab and moved all the ACS WASC accreditation materials to the portals in order to deliver a customized experience for the user. Schools and members will have access to the exact information needed for the particular school and review materials will be easy to locate and submit.

Please explore the new website and portals and feel free to contact us with any questions or comments.

The Accrediting Commission for Schools, Western Association of Schools and Colleges (ACS WASC) is a world-renowned accrediting association and one of the six regional accrediting agencies in the United States. ACS WASC extends its services worldwide to approximately 5,200 public, private, independent, church-related, and proprietary pre-K–12 schools, especially to schools in California, Hawaii, Asia, and the Pacific Islands.
